

ENVIRONMENTAL POLICY

Purple Hydrocarbon is committed to conducting operations in an environmentally responsible manner. To fulfil these objectives the Purple Hydrocarbon Management will provide leadership and support to ensure that the company will as a minimum:

- Commit to and comply with relevant environmental management plans for each activity as required by the appropriate Regulating Authority;
- Avoid disturbance of known sites of archaeological, historical and natural significance and protect native flora and fauna in all areas of operation;
- Ensure that incidents, near misses, concerns and complaints are reported adequately, investigated and appropriate procedures implemented;
- Inform all employees and contractors of their environmental and cultural heritage responsibilities including consultation and distribution of appropriate environmental management guidelines, regulations and publications for all relevant activities;
- Develop and implement plans to minimise pollution, manage waste effectively and use water and energy efficiently. Avoid the pollution of land, water and air by compliance with regulatory guidelines and industry standards applicable to all areas of operation;
- Ensure Beach has the resources and skills necessary to achieve its environmental commitments.

Application of this policy resides with Purple Hydrocarbon's management and with all employees sharing responsibility for its implementation.
